# ROUTE MAP

## Bicycle Route

Starting from the road near to the cliffpath (approximately 2km south of the restaurant at Mirador del Río), the cyclists will head south to the final destination, Playa Blanca. Passing through Guinate to Maguez, the cyclists will continue to Haria, cycling up the zig-zag road "Malpaso" towards the restaurant at Mirador de Haria. From there, continue towards Teguise (first water stop) and continue towards the "Monumento al Campesino" in San Bartolomé. Passing through the newly resurfaced roads at El Grifo y La Geria (second water stop), the cyclists will continue to Uga, to the new roundabout, and turn right heading for Yaiza (going via the main road and not through the village). From there, they will cycle the final stage of the bike race on the old road towards Playa Blanca, with the finish line at the Centro Comercial Papagayo carpark at Playa Dorada.
